Dear Mason,

Below is a preliminary schedule for 2019 parade, it bases in the past, the final schedule with line up with update on Feb and will send it to you ASAP

Due to the limit time in the TV, it will limit to TEN people to accompany with Mayor. . Mayor cannot walk in the parade.

Saturday, February 23, 5:15 p.m., 2nd & Market Streets
Southwest Airlines® Chinese New Year Parade

The parade steps off at 5:15 p.m. from 2nd and Market Streets and marches through San Francisco's downtown, Union Square, Financial District, and Chinatown. Join the hundreds of thousands who come out to see the largest celebration of the Lunar New Year outside of Asia and North America's biggest night illuminated parade.

This is one of the top ten parades of the country and visitors from all over the world come to San Francisco for the event. TV stations KTVU-Channel 2 and KTSF-Channel 26 (Cantonese) televise the parade live. A KTVU newsman will interview you during the broadcast (40 second spot).

Please bring only yourself, your car, and your security detail. Due to time constraints in the television broadcast, we cannot accommodate an entourage of staff and supporters.

Following the parade, you are invited to the **post-parade dinner at the New Asia Restaurant, 722 Pacific Avenue**

According to your information, I need to send out the above information to other three staff of Mayor office, can you provide their contact that I can copy to them

Please let me know if you have any questions.

Thank you
Walter.

Mr. Wong,

This is very helpful. Thank you!

Mason
